PETITIONING THE COURT

To modify the conditions of supervision as follows:

The defendant shall not possess any alcoholic beverages.

CAUSE

The purpose of this petition is to apprise the Court of ongoing adjustment issues experienced by the offender while under supervision in the District of Idaho. Gary Adams has had several alcohol related violations during his term of supervision. The defendant has had incidents of possession of alcohol which were not prohibited by the Court. Prior to his release from the Port of Hope Community Corrections Center, the defendant was caught in the process of purchasing alcoholic beverages by the Port of Hope staff. During the prerelease investigation conducted by the District of Idaho, the defendant was found to be in possession of alcoholic beverages.

On August 15, 2006, Gary Adams admitted to having another relapse consuming alcoholic beverages. During a home visit on the above-mentioned date, the offender was again in possession of the alcoholic beverage, Ice House beer. As an intermediate sanction, he was required to disclose the relapse to his substance abuse counselor at the Port of Hope and required to participate in additional substance abuse counseling. Due to the contrary nature of the defendant's possession of alcoholic beverages while attempting to maintain his sobriety, the District of Idaho is recommending a modification of conditions of release to include the requirement that, "the defendant shall not possess any alcoholic beverage." Gary Adams was asked whether he would waive his right to a hearing and agree to the modifications as described. As indicated by the enclosed waiver of hearing to modify conditions of supervised release form, Mr. Adams has agreed to the proposed modifications.

It is respectfully recommended that the attached waiver of hearing to modify conditions of supervised release be adapted.
